After a courageous battle with Leukemia, Renee passed away at the young age of 23. Soon after, Renee's parents received a donation to put towards a memorial.

However, at that time, a memorial had not been established. At first thought, they wanted to leave something behind at Clintonwood Park because it is where Renee spent many summers working as a Day Camp Counselor for Independence Township Parks and Recreation.

The Spraypark represents Renee's fun & outgoing personality. Everywhere Renee went, you could feel her energy and passion for life. Renee had an extraordinary way of connecting with people, especially kids. Always upbeat, she made every moment count.

Even when Renee was diagnosed with Leukemia, she would say, "this is just a bump in the road, let's do what we have to do and move on."

After a lot of thought and research, plans for the Renee Przybylski Memorial Spraypark began. The Przybylski Family organized a committee of Renee's friends, family and community members, to raise over \$250,000, which includes in-kind services & donations to build the Spraypark in the summer of 2004.
